

Tetrosyl

## - No1 Super Ceramic -

CarPlan No.1 Super Ceramic is an intense combination of SiO<sub>2</sub> and wax. The advanced SiO<sub>2</sub> polymer technology delivers an intensely hydrophobic finish, utilising ceramic particles. The high tech formula forms a shield to protect your vehicle from dirt and contaminants.

No.1 Super Ceramic has been formulated to mask swirls and holograms, enriching colour and restoring a brilliant finish with a silky feel, whilst leaving a sweet bubble gum scent. The drag free finish allows for easier future cleaning and can be applied over existing paintwork treatments.

No professional application is needed, No.1 Super Ceramic is effortless to use and designed to deliver professional results every time.
