

Tetrosyl

Tetroseal Wax Oil Rustproofing

Marketing Bulletin

Tetroseal Wax Oil Spray is a heavy duty rust preventative based on a blend of waxes, corrosion inhibitors and dewatering agent in a hydrocarbon solvent. The product is designed to provide total rust protection for automotive vehicles and other equipment and machinery exposed to outdoor weather conditions.

- *Kills existing rust and prevents further corrosion*
- *Easy to apply aerosol*
- *Displaces water from metal surfaces and vehicle crevices*
- *Forms a flexible heat resistant film which will not re-run on the inside of panels*
- *Extends life of vehicle and helps maintain value*
- *Helps sustain vehicle safety by protecting vital support structures (chassis, suspension mounts etc)*
- *Silicone free for use in vehicle body shops*
- *Compatible with material used in O.E. manufacturer*
